**Fathers & Families Support Center (FFSC)** gives children the advantages of having fathers who can support them materially, emotionally & developmentally. Since 1998, FFSC has touched the lives of nearly 17,000 fathers and more than 42,000 children. Recognized as a leader among Fatherhood agencies with its nationally-recognized programs, FFSC transforms fathers through its 6-week **Family Formation** program that teaches parenting skills, economic stability and healthy lifestyle habits and offers career certification, employment resources and mentoring to help fathers positively impact the relationships with their children & the mothers of their children. Participants receive year-long follow up and support to ensure continued success.
