Fathers & Families
SUPPORT CENTER
HELP FOR FATHERS. HOPE FOR FAMILIES.

FathersSupportCenter.org

Celebrating 28 years, Fathers & Families Support Center (FFSC) gives children the advantages of having fathers (and mothers!) who can support them materially, emotionally and developmentally. **Since 1998, FFSC has supported 22,000 fathers on their journey to Responsible Fatherhood, impacting over 53,000 children.**

Recognized as a leader among Fatherhood agencies with its nationally recognized programs, FFSC transforms parents through its 6-week *Family Formation* program that teaches parenting skills, economic stability and healthy lifestyle habits and offers career certification, employment resources, therapy and mentoring to help fathers and mothers positively impact the relationships with their children and the parents of their children.
